SECOND AFFIDAVIT OF STEVE MADRID

I, STEVE MADRID, being duly sworn upon my oath, hereby state the following.

1. I am an employee of the New Mexico Corrections Department (NMCD) and serve as a Grievance Appeals Coordinator in Santa Fe, New Mexico.

2. In my capacity as Grievance Appeals Coordinator, I have access to all inmate grievance information maintained on the Criminal Management Information System (CMIS) and all inmate grievance appeals records maintained centrally by NMCD – which are the Level 5 appeals that are the last possible appeal in the administrative grievance process according to NMCD's Inmate Grievance policy, NMCD Policy 150500/150501.

3. I have search the CMIS records for Level 5 grievances filed by Frank Latham, Inmate #68213, since 2012 up to the present date. There are none, which means Inmate Latham has filed no Level 5 grievances since 2012 and has not exhausted the administrative grievance process on any issue.

4. I have searched CMIS for grievances that Inmate Latham may have filed, but not pursued to exhaustion. The attached printout from CMIS indicates that Inmate Latham did initiate four grievances between September 28, 2012 and January 15, 2013. **See Attachment 1.** There is very limited information available CMIS. For example, CMIS does not contain copies of the grievances themselves, and has only a very brief description of the nature of the grievance, and date. Three of the grievances appear to have concerned allegations of harassment and/or retaliation by staff while Inmate Latham was incarcerated at the Guadalupe County Correctional Facility (GCCF). The fourth grievance appears to have concerned inadequate medical care at

GCCF. I am attaching as **Attachment 2** a printout showing the history of Inmate Latham's facility placements from approximately 2012 to the present, and which shows that Inmate Latham was incarcerated at GCCF when he initiated those grievances.

5. CMIS would indicate if Inmate Latham pursued any of the four grievances he initiated in 2012 and 2013 to exhaustion, which he did not do.

6. Inmates may pursue issues and concerns regarding medical and health care through NMCD's inmate grievance process. In other words, medical and health care are grievable issues, as demonstrated by Inmate Latham's January 15, 2013 grievance.

7. If Inmate Latham had exhausted any grievance, then there would be a copy of the entire grievance file in the Central Office files at Santa Fe. The Central Office does not receive a copy of the grievance unless and until the inmate makes a Level 5 appeal. If Inmate Latham had pursued any of his grievances to Level 5, there would be a copy retained in Central Office files. Since he did not do so, there are no copies in the Central Office files.

8. To the best of my knowledge and belief, Inmate Latham has not been discouraged from initiating, pursuing or exhausting grievances.

AFFIDAVIT OF MARK DELGADO

I, MARK DELGADO, being duly sworn upon my oath, hereby state the following:

1. I am the Health Services Administrator for Centurion Health Care (Centurion), the current contractual medical services provider for the New Mexico Corrections Department (NMCD), assigned to the Central New Mexico Correctional Facility (CNMCF), a prison facility in Los Lunas, New Mexico operated by NMCD. Centurion has had the medical services contract since June 2016. For about five years prior to that time, the medical services contract provider was Corizon Healthcare (Corizon). I was also the Health Services Administrator at CNMCF, for Corizon, from May 3, 2009 through March 1, 2014. I retired in March 2014, but returned to work at the request of NMCD officials in June 2016. Before my time as Health Services Administrator at CNMCF, I operated a private company which provided services such as mobile X-rays and ultrasound exams to prison facilities in New Mexico and Texas. I have a total of about forty-five years of experience in the field of providing medical support services.

2. I am familiar with Inmate Frank Latham #68213. Inmate Latham is currently housed at CNMCF.

3. Inmate Latham has made various verbal and written complaints directly to me. He has also given me copies of written complaints he has made to others, such as written complaints he has made to Judges. I try to keep copies of Inmate Latham's written complaints, which I am attaching as **Exhibit A**. I cannot guarantee that Exhibit A contains all of the written complaints I have received from Inmate Latham, but Exhibit A is at least representative of his

complaints to me. I do not keep records of Inmate Latham's verbal complaints, but I can state that his verbal complaints cover generally the same topics and issues as his written complaints.

4. I do read Inmate Latham's written complaints and listen to his verbal complaints. I have sought to resolve Inmate Latham's legitimate complaints. Some of his demands are unrealistic and/or unreasonable, as described in more detail below.

5. To the best of my knowledge and experience, Inmate Latham has never been discouraged from complaining to me or to anyone else, or from bringing grievances. We have spent considerable time attempting to resolve Inmate Latham's issues.

6. In my capacity as Health Services Administrator, I am responsible for Americans with Disabilities Act (ADA) compliance at CNMCF.

a) LTCU. There is a Long Term Care Unit (LTCU) at CNMCF. The LTCU houses inmates who require a level of ongoing medical supervision. The building which houses the LTCU was built after the ADA was enacted, and so all the inmate cells in the LTCU at CNMCF are ADA compliant. We also install additional adaptive equipment as necessary to meet the needs of individual inmates.

b) GERIATRIC UNIT. There is also a Geriatric Unit at CNMCF. The Geriatric Unit houses inmates fifty-five and older who have medical conditions, and inmates who are over age sixty-five and require extra assistance. We have trained inmate helpers who perform non-personal care tasks for the Geriatric Unit inmates, such as pushing them in their wheelchairs to meals. Prior to March 2015, the Geriatric Unit was housed in one of the oldest buildings at CNMCF, which was built before the ADA was enacted and therefore was not designed to be ADA compliant. However, while the Geriatric Unit was housed there, the building was adapted to accommodate geriatric

disabled inmates, even though not originally constructed according to ADA standards. Geriatric Unit inmates were transferred to the Mental Health Treatment Center (MHTC) "E" Unit in March 2015. This building was constructed to ADA standards, and thus the Geriatric Unit is now housed in ADA compliant cells.

7. INMATE LATHAM'S HOUSING ASSIGNMENT AND MOBILITY ISSUES.

While incarcerated at CNMCF, Inmate Latham has been housed in both the LTCU and the Geriatric Unit. He is currently housed in the Geriatric Unit. He was previously housed in the LTCU. Inmate Latham can be appropriately medically housed in either the Geriatric Unit or the LTCU. However, housing him in the LTCU without the prerequisite medical conditions or physical limitations, means he is delaying or depriving another inmate of access to necessary medical care and treatment. Furthermore, Mr. Latham first arrived at CNMCF for intake on April 8, 2008 and since that date, he has been transferred a total of 36 times and has been housed at 7 different facilities for periods of time during his more than his 8 ½ year incarceration. In all his housing arrangements at CNMCF, Inmate Latham's cells have been equipped with the accessibility features he requires. As with any other inmate, there might have been some short wait for accessibility features to be installed, but his needs and complaints are assessed and whatever accessibility features he needs, are provided to him.

8. INMATE LATHAM'S CATHETER ISSUES. Inmate Latham uses catheters. I have not recently received complaints from him regarding his catheters. His catheters have been an issue in the past. At one time, Inmate Latham demanded to keep a supply of eight catheters in his cell. We did not agree to his demand, because keeping so many catheters would increase the possibility that they might be stored improperly or otherwise exposed, thus increasing the possibility of infection. We arranged for him to keep three catheters in his cell, and we replaced

them one catheter at a time as he used them. To my knowledge, Inmate Latham has always had a catheter on hand. Another issue with Inmate Latham's catheters was that he wanted a certain kind of catheter that was different than those we normally stock. We did provide him with the kind of catheter he preferred, and we ordered a supply of them for him to take with him when he was transferred to Western New Mexico Correctional Facility (WNMCF). When he later returned to our facility from WNMCF, we did not have in stock any of the catheters he preferred. We ordered them for his use. I am attaching as **Exhibit B** documentation of the special orders for Inmate Latham's catheters. So far as I am aware, there are no outstanding issues with Inmate Latham's catheters. If Inmate Latham raises any further concerns regarding his catheters, we will of course listen and respond as appropriate to the issue at that time.

9. INMATE LATHAM'S WHEELCHAIR ISSUES. Most recently, Inmate Latham has had complaints about his wheelchair needing to be repaired and/or adjusted. We have a full-time physical therapist on staff who is trained, and who frequently does, adjust and repair wheelchairs. However, Inmate Latham was insistent that our trained physical therapist could not repair his wheelchair, and he would not even allow the physical therapist to inspect the wheelchair to assess its features or perform repairs. He claimed to have been promised a new wheelchair. I found his claim dubious, as no one has authority to make such promises. We use wheelchairs as long as they are serviceable, and we repair them to serviceability. I personally sat with Inmate Latham for forty minutes, with a Correctional Officer present, trying to explain and reach resolution with him on this issue. As is typical in my dealings with him, he was unreceptive and uncooperative, and simply continued to insist that his demands be met. We did order Inmate Latham a new wheelchair, which he received on November 16, 2016. This was done not so much because his current wheelchair is unsatisfactory or unrepairable, but was done

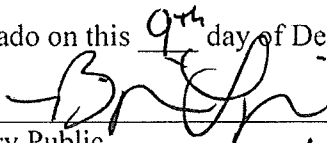

in order to get beyond this impasse with him. He has also demanded that his name be engraved on his wheelchair and that he be provided with a new wheelchair annually. We do not plan to engrave his name on his wheelchair, as this is not something we do for other inmates. We also do not plan to order him a new wheelchair each and every year, as this is not something we do for other inmates. We fully intend to provide Inmate Latham with a serviceable wheelchair, but we cannot provide him with new wheelchairs upon demand.
